featuring:

pheasant, woodcock, woodpigeon, cuckoo, tawny owl, great spotted woodpecker, wren, dunnock, robin, redstart, blackbird, song thrush, mistle thrush, garden warbler, blackcap, chiffchaff, willow warbler, goldcrest, great tit, nuthatch, chaffinch, greenfinch, goldfinch, linnet, yellowhammer.

At the start you'll hear the moisture from overnight mists dripping through the trees. If you set your volume so this is barely audible, the bird song shouldn't be too loud when the full chorus swells.

74.00 mins : continuous with 12 track ID points.

Recorded & produced by Geoff Sample.
